

UNISTRUT ADAPTER KIT CMA-370

The Unistrut Adapter Kit is designed for installation simplification of any Chief CMA Ceiling Plate to Unistrut. Using standard 1 5/8" unistrut, you can install the ceiling plate to meet your needs.

WARNING: IMPROPER INSTALLATION MAY RESULT IN SERIOUS PERSONAL INJURY! All components must be securely fastened to a structural member capable of supporting five times the combined weight of all components plus the equipment being mounted. If it cannot support this weight, the structure **MUST** be reinforced.

Unpack and check contents:

- (4) 3/8" Diameter Channel Nut (w/spring)
 - (4) 3/8" X 1" Hex Head Bolt
 - (4) 3/8" Flat Washer
 - (4) 3/8" Lock Washer
1. Using standard unistrut installation procedures, secure the four channel nuts in the channel
 2. Using four hex head bolts, four flat washers, and four lock washers, secure ceiling plate to unistrut.
