Thinstall universal fixed and tilt mounts are engineered for ultra-thin flat panel TVs, featuring 0.39 - 0.75” depth from wall.

### Model Number Key

**VESA® (-V)**
Model numbers ending in “V” are compatible with multiple VESA hole mounting patterns.

**Universal (-U)**
Model numbers ending in “U” are infinitely adjustable to adapt to a wide range of TVs.

**Custom (-XXXX)**
For a custom fit, mounts can be ordered with an interface designed for a particular TV model. Custom mounts are indicated by a 4-digit number at the end of the model number. See Chief's MountFinder Pro tool at www.chiefmfg.com for custom model numbers.
