C3 SERIES CREDENZAS

Configurable storage and wiring for easy access and customization

The Low-Profile 10” depth provides a comfortable reach range for interactive displays above the C3
THE ADA COMPLIANT CREDENZA
BOLD, FLEXIBLE, BEAUTIFUL

This pre-configured, low-profile 10” C3 Series Credenza features the series’ hallmark welded steel frame designed specifically to house and protect technology in an ADA compliant low-profile design. It also features a fully designed wood kit with modern and classic finishes so no further customization is necessary.

- 1, 2 or 4 bay pre-configured credenza includes frame and wood kit – choose from our 11 color options in HPL or thermolaminate finishes
- Each tech kit has 4RU of equipment mounting and comes with the following:
  - 50CFM DC thermostatically controlled fan kit
  - Slim Power Strip (7 outlet, 15A) and mounting brackets
- Sleek, updated moderno style design
- (2x) Wood shelf inserts included for additional non rack mounted storage
- Slim design supports interactive flat panel engagement and complies with the ADA reach range standard
- Cable management grommet included for cable entry/exit. (pilot holes are drilled for location flexibility)

TECHNICAL FURNITURE
L7 SERIES LECTERNS

THE MOST ELEGANT SOLUTION
IN HEIGHT ADJUSTABILITY AND ADA

Pioneering the path to designer, height adjustable technical furniture—the L7 Series Lectern, a pinnacle of the workspace desired, height required and aesthetically inspired.

BUILT FOR INTEGRATORS

- Welded steel frame with configurable storage ships assembled allowing the integrator to immediately start the installation in the shop or on-site
- Additional small device storage equipped with removable, tool-free Lever Lock™ small device mounting hidden just below the worksurface
- Integrated power, cable and thermal management for ultimate system reliability
- Popular AVIP connectivity plates for higher education application

DESIGNED FOR EDUCATORS

- Ergonomically engineered to adjust to varying height requirements of its users via electronic lift with 10” of vertical adjustment
- Design complies with ADA, providing ample room for wheelchair clearance and minimum reach requirements
- Generous 50”x19” surface provides adequate workspace to accommodate the personal devices and effects of transient professors
- Wireless charging pad to charge Qi cellular devices during class
- Additional BYOD connectivity with plenty of USB and AC outlets
- Storage for markers, microphones and wires

BUDGET-FRIENDLY ALL-IN-ONE LECTERN

The L2 Series is the only budget-friendly lectern solution that delivers support and security for AV systems, complete with a patent-pending rack, power, thermal and cable management, and connectivity.

- Each L2 Lectern includes critical infrastructure for an all-in-one, budget-friendly solution.
- The 12RU removable rack boasts a tool-less experience with easy access to rear connections or removal for simple servicing, yet locks in place for transportation and usage.
- The accessible rack design allows for a clean, seamless audience facing panel.

- Sleek Sota style with a durable melamine finish for an attractive mobile solution to house AV equipment.
- Simplified selection of easy-to-order, pre-configured models available in 3 popular colors.
- Flip up shelf for extra surface space on certain models.
- Slide out shelf houses a keyboard without taking up valuable workspace.
- Locking, heavy duty 4” casters for a safe, mobile solution.
- Ships from stock.

ULTIMATE SYSTEM RELIABILITY FOR AV TECHNOLOGY

Featuring attractive styles and finishes reflective of commercial interior design trends, the T5 Series offers discreet storage and care for AV gear within a beautiful furniture solution.

- Each T5 solution includes a table top, support pedestals and a separately shipped Tech Kit that allows integration to begin immediately. The Tech Kit is optimized for the designated table size and is comprised of the critical infrastructure that supports reliable AV systems:
  - Patent-pending swing-out pedestal rack can be located in the table pedestal of choice
  - Innovative flexibility for up to 3 RU of sideways rackmounting, small device mounting or a combination of the two
  - Includes three tool-free Lever Lock™ plates for mounting small devices
  - Wiremold® InteGreat Table Boxes in black or silver with 2 retracting HDMI cables and 2 AC outlets for power and connectivity at the surface. Table boxes and cable retractors are concealed by the table’s pedestal
  - Vertical power distribution
  - Cable management strips and tie points

- Styles and finishes correspond with Pre-configured C5 Series Credenzas, providing a cohesive meeting space design
- Pedestal locks to secure equipment within

TECHNICAL FURNITURE
HUB COLLABORATION FURNITURE

Available in angle or bullet shape, in 6’, 7’ or 8’ lengths and finish options in HPL and thermolaminate. Includes hardware to connect Hub to the wall.

TABLE TOP

Mounts directly to the wall or to optional tower. Flat panel displays up to 55” recommended for optimal viewing.

DISPLAY MOUNT

Two securely-mounted 4-outlet power strips: one mounts to the table bracket for connections close to the display and includes a cover; the other is located inside the TechPed™ for table box connections.

SECURE POWER DISTRIBUTION

Techno Pedestal™ Technology Pedestal offers 4 RU & space for cable retractors, power distribution & small device mounting. Ships assembled for easy integration and includes keylock to secure equipment & connections.

TABLE SUPPORT

Lever Lock™ plates included for small device mounting within the TechPed™, with room for additional Lever Lock™ accessories.

SMALL DEVICE MOUNTING

INCLUDES
ALL-IN-ONE FURNITURE SOLUTION

Hub is a technology-ready, all-in-one furniture solution for collaboration spaces that is designed to maximize equipment and cable storage.

- Simple to order with a single part number for the all-in-one system and color designation, with over 50 colors available
- All-in-one furniture solution with a flexible design leveraging built-in technology to benefit both integrator and end user:
  - Integrator – Easy order, integration and servicing
  - End-user – one complete foundational huddle space unit that is built for system reliability and color options to seamlessly blend into any environment

HDMI® CABLE RETRACTORS

Two Wiremold® InteGreat™ HDMI® Cable Retractors extend from the table box to make connections at any seat at the table.

TABLE BOX

Wiremold® InteGreat™ Table Box provides power and data for easy BYOD table top connections.

CABLE MANAGEMENT

Built-in cable trough keeps wiring and connections neatly managed.

OPTIONAL TOWER

Optional tower connects to Hub’s table top for a free-standing system. Available in white or black, the tower can also be paired with an optional whiteboard cover.

OPTIONAL CASTER KIT

Optional caster kit available for added stability.
