

# FULLVISION

Fixed frame projection screen for wall installations

**DA-LITE**  
A brand of **legrand**

## Product specifications:

- Fixed frame, full wrap around, projection screen with an aluminum frame.
- Fixed frame wrap-around projection screen available up to 4 meter height and 6 meter width.
- Low-profile installation of only 3 cm deep
- The aluminum frame is finished with a matte white powder coating.
- Innovative and easy upright projection surface attachment for installations with limited work space.
- The aluminum frame parts are connected in the corners with rigid steel corners.
- The projection screen surface is attached to the rear of the screen with Velcro®.
- Easy and completely flush wall installation by hanging the screen over two screws by using the supplied mounting brackets.
- Option to hang screen with cables from the ceiling using the same brackets.
- Lightweight aluminum frame that will not bend, even on the widest screen
- Standard high resolution projection surface offering
- Innovative 3 step corner covering with projection surface that prevents wrinkling.
- Easy transportable in robust but lightweight packaging.
