

# NEW SANUS ELEMENTS™

Sanus Elements™ is a quality line of accessories that includes cleaners and power suppression products designed to enhance the use of high-end residential electronics.

**Sanus Elements™ screen care products are the perfect way to make your TV sparkle**

Sanus Elements™ **ELM101-X1** is a complete screen care system contained in a reusable package. Our special alcohol- and ammonia-free gel gently cleans TVs without harming screens or discoloring bezels. Its Micro-Mist™ bottle provides a targeted spray for accurate application. The unique Elements™ microfiber wiping handle allows for quick, even window-style cleaning, and our microfiber cloth cleans screens and bezels without leaving behind lint. Also included is an exclusive antistatic brush to lift dust from screen between cleanings.

**ELM101-X1**

**ELM102-X1**

The **ELM102-X1** is a simpler screen care system for use in non-dusty environments or as a supplement to the ELM101-X1. It includes a bottle of cleaning gel with Micro-Mist™ technology, and easily stores a microfiber cleaning cloth in its cap.

# SANUS ELEMENTS™ SCREEN CARE

## Sanus Elements™ cleaning gel and brush gently cleans without damaging screens

Our alcohol- and ammonia-free gel cleanses screens safely and gently, and a lint-free microfiber cloth, microfiber wiping handle, and antistatic brush work to remove dust and fingerprints, leaving a residue-free shine. The screen cleaning gel can be used for LCD, plasma and CRT TVs and monitors along with laptops, portable DVD players and many other types of screens.

	« Alcohol- and ammonia-free gel will not harm screens or discolor bezels		« Microfiber wiping handle applies even pressure to clean smudges, fingerprints and oils
	« Micro-Mist™ bottle provides targeted non-streaking spray		« Carbon-fiber dusting brush lifts dust and debris
	« Microfiber cloth will not leave behind lint or residue		« ELM101 reusable storage case eliminates packaging to reduce waste
