IN-WALL POWER KIT

FOR SOUNDBAR AND MOUNTED TV

In-Wall Power Kit for Soundbar + Mounted TV makes hiding cables behind the wall safe & easy for installers. Route AV & power cables behind the wall to add the finishing touch to your installation. This kit allows for neat and easy installation in under 30 minutes - no electrician or hard wiring required. It includes everything you need to complete the project, including three power modules, 8' Romex cable, drywall hand saw, flat-head runner cable and cut-out template with complete instructions.

Model **WSIWPSB1-W1**

In-wall design hides all cabling behind walls

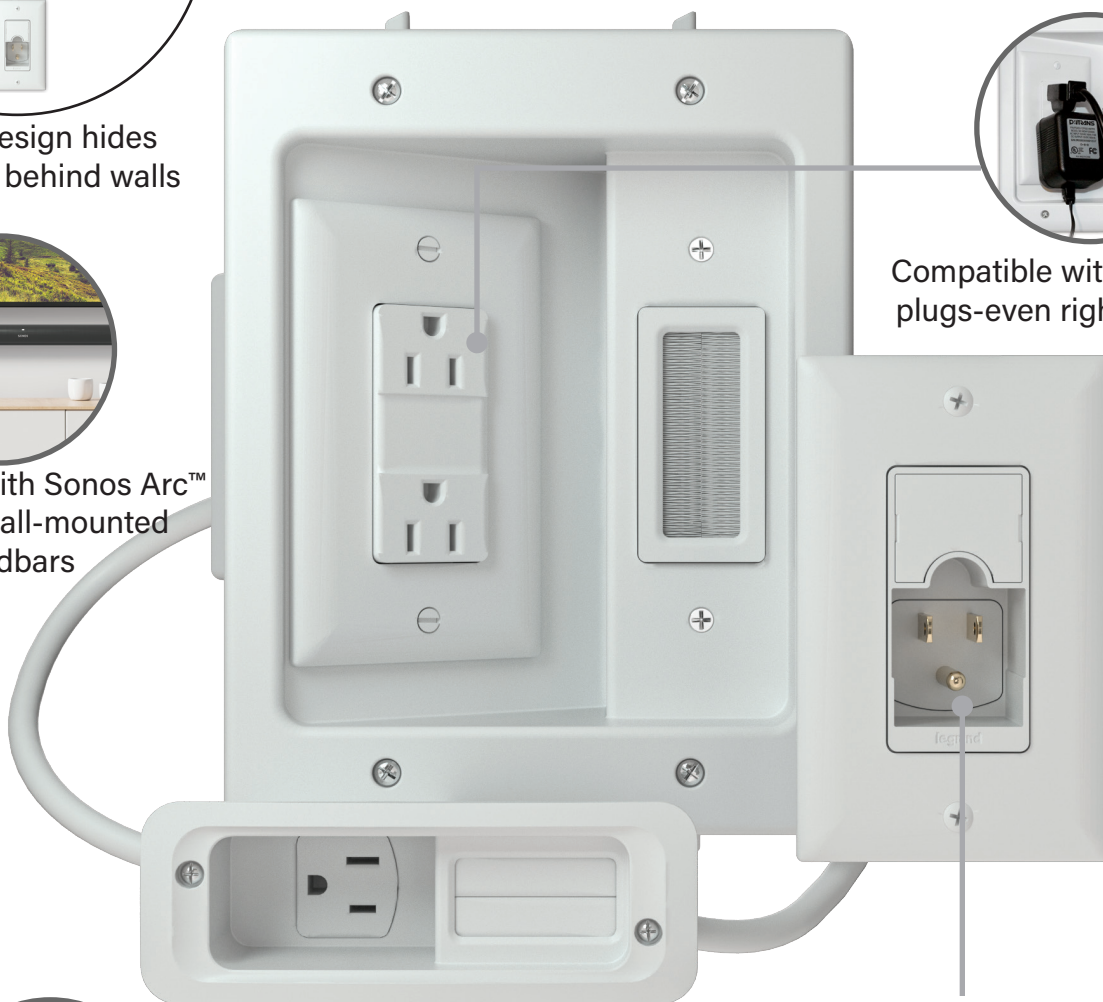

Pre-wired design installs in 30 minutes with no electrician or hand-wiring needed.

Compatible with all TV power plugs—even right-angle cords

Works great with Sonos Arc™ and other wall-mounted soundbars

Soundbar center power module fits perfectly with Sonos and SANUS wall mount designs

Can power multiple devices like a digital TV adapter, soundbar, cable box, or streaming media devices
