

## Better, Together

Vaddio and Cisco have recently partnered to provide excellent support for new and existing Cisco SX20 and SX80 customers.

### Confidence

Achieve near seamless integration when pairing a RoboSHOT 12 PTZ camera with codecs like the Cisco SX20. The RoboSHOT 12 camera has been tested and certified by Cisco to work with Cisco codecs using VISCA over RS-232 for control, providing ability for codec and camera to communicate and exchange PTZ settings, preset recalls, and more.

### Performance

The RoboSHOT 12 Camera provides many benefits while completing or extending a Cisco codec solution.

- HFOV: 73 degrees
- 12x optical zoom
- 1080p/60 output resolution
- Intuitive browser-based user interface for remote control, management and image configuration

*RoboSHOT 12 HDMI is a versatile camera for Cisco applications*

**“Bottom line: the Vaddio RoboSHOT Camera is excellent. No reservations about recommending it.”**

Enrico Conedera  
Sr Technical Marketing Engineer  
Cisco

## Reliability

Vaddio's premium RoboSHOT 12 HDMI PTZ camera is tested and proven for reliable performance. In addition, it's designed and assembled in America with excellent warranty terms, plus service and support you can count on.

## Go Farther

Cisco has also approved Vaddio OneLINK HDMI and OneLINK Bridge extension systems as proven solutions. Extend camera reach by up to 100 meters and enable a USB 3.0 output in order to bridge the Cisco codec system to popular streaming or recording devices.

Function	Vaddio P/N*	Description	What's Included
Camera	999-9940-400/401	RoboSHOT 12 HDMI for Cisco SX Codecs	12X PTZ HDMI Camera, Wall Mount and codec interface cables
