

DA-LITE[®]

FOR YOUR IMAGE™

Wireline Advantage

Wireline Advantage

The Wireline™ Advantage® is a ceiling recessed electric screen for large venues, and uses thin steel cables up to 29 feet instead of black drop to lower the screen to an appropriate viewing height. The result is stunning with a large display that is almost invisibly suspended at the right viewing height, leaving the architecture of the room exposed.

Featuring

- Up to 29' of cable drop
- Available without trim flange for non-ceiling recessed applications
- Slim-Tab, a lower profile and stronger tab design to keep your screen perfectly taut
- Tensioning Cable System to prevent warping and ensure even, lateral tension
- UL Plenum rated case that can be ceiling recessed
- Standard radio frequency motor with hand-held remote and dry contact interface
- Optional radio frequency control accessories include single channel wall switch and RS-232 interface
- Seamless surfaces in all models

HDTV (16:9) Format

VIEWING AREA (H X W)	NOMINAL DIAGONAL
65" x 116"	133"
