

Single Motor Low Voltage Control (LVC)

SPECIFICATION DATA

DA-LITE
A brand of **Legrand**

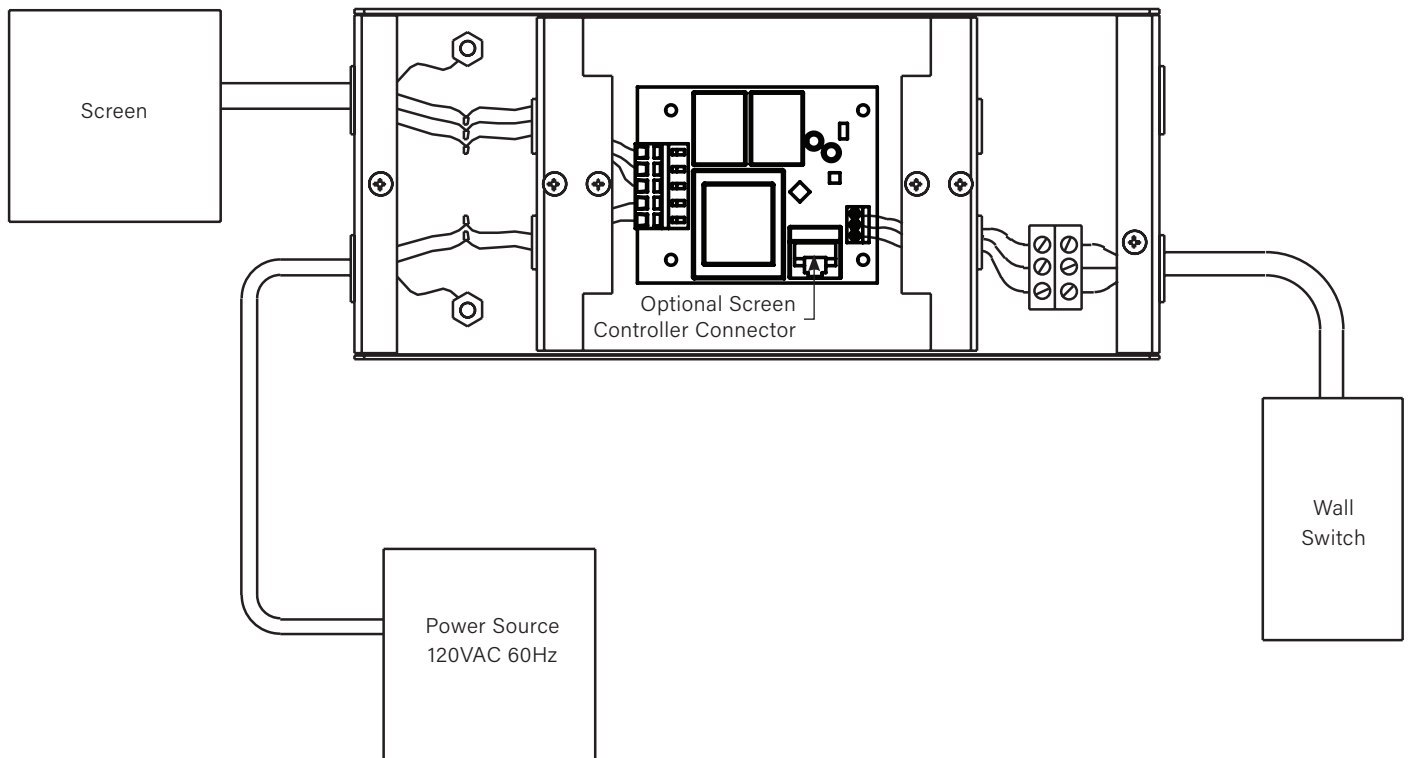

SUGGESTED SPECIFICATIONS: Electrical rating 115 VAC 60 Hz 5A. The single motor LVC is used to operate Da-Lite single motor electric screens from one or more locations, remote control, or for integration into a control panel system. Operated by a 3-button momentary, dry contact switch. Any combination of single or multiple 3-button switches, optional screen controller accessory or a control panel with momentary dry contacts may control the LVC. Control board to be mounted in a galvanized steel housing measuring 2 1/4" H x 4 1/2" W x 10 1/2" L. Standard knockouts provided on housing for 1/2" conduit connections. Control to be listed by Underwriter's Laboratories.

WIRING

NOTE: Do not seal in – allow access.

NOTE: Recommended Wire Size: 14-18 AWG

PRODUCT NOTES

- Specifications are subject to change without notice.

WHEN ORDERING, MARK APPROPRIATE SELECTIONS:
