SET UP INSTRUCTIONS

Remove all four legs from the rubber leg holder and screw into threaded inserts. To adjust leg length, loosen the toggle clamp, adjust to desired table height and tighten clamp.

NOTE: The non-skid platform supports up to 125 lbs. with legs completely extended.

To disassemble and store your Project-O-Stand, adjust legs to shortest length, remove from table top and slip into rubber leg holder.

NOTE: Place legs into center slots of leg holder first, then place legs into outside slots.

MODEL 425 ONLY

Adjust all 4 legs to desired length before assembling to the table.

CARE INSTRUCTIONS

Your new Project-O-Stand requires very little care. Dust as needed with a soft cloth; if required, use mild soap and water to clean off stubborn spots. Abrasive cleaners should be avoided as they may scratch the legs on both models.

ACCESSORIES

MODEL 208 ACCESSORY SHELF

Convenient 14½" x 22" x ½" shelf may be used on all Project-O-Stands to create a convenient storage place. Shelf is made of wood composition board with plastic laminate top and vinyl edges.
