

GO FOR THAT FINISHED LOOK

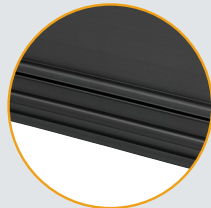

Give your installs an aesthetic and tamper-resistant finished look with Universal Wall Side Covers. Great for single- or multiple-display configurations, the black color blends well with the display sides and bezel, or can be painted to match the surrounding space.

FEATURES

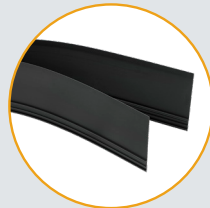

- Living hinge design makes installation and access for service easy
- Groove provides guide for drilling at 45°
- Cut-to-size on site with hand or power tools to meet, tilt and/or depth requirements
- Channel Strut Brackets provide easy installation, without additional drilling into walls
